Please be aware, the grades shown in eSchoolBook are tentative and do not reflect additional weighting for Honors and AP courses. The final printed report card will reflect true weighted grades.

The following disclaimer was added to the student parent report card view:

“Please be aware, the grades shown in eSchoolBook are tentative and do not reflect additional weighting for Honors and AP courses. The final printed report card will reflect true weighted grades.”

Additional Note: The Default Grade Scale weighting (for full year courses) was pushed out to all teachers and courses in an effort to streamline this process. If you teach semester classes, you can delete the Default Grade Scale by clicking on any one of the hyperlinks, unchecking all boxes, and clicking the update button. Then add the appropriate semester grade scale as outlined in steps 3, 4, and 5 above.
